RE: Quick Quack Project

Dear Kim Garrett,

It was a pleasure meeting with you yesterday evening at our Land Use Committee (LUC) meeting. We sincerely appreciate you taking the time to speak with us about the proposed Quick Quack project on Stockton Blvd. While we do think this project has many great design elements, and has clearly been responsive to community input, we don't feel that we are able to write a letter of support at this time, due in part to the fact that the project is not within our neighborhood boundaries, and additionally, we unfortunately do not have the time we'd need to get consensus from our board on this letter before your deadline of this week.

We are sorry we can't be of more assistance at this time, however, we do look forward to working with you in the future.

Sincerely,
